

Maiden Newsletter 01/2021 - 31st May 2021

Dear Esteemed members,

would be members of the Victor Nwankwo Leadership Academy,

It gives me great honour and privilege to communicate with you on this maiden edition of our newsletter. When we started our building project for the academy three years ago, my team and I could not wait for a day like today to come. We are elated to inform you that we can now begin to share some of the landmarks we have achieved in this journey.

Starting tomorrow, 01 June 2021, you may begin to apply for your son(s) or daughter(s) to be admitted to our academy for the 2022/23 academic year. Due to the depth of the education and training we offer to your children, we can only accept a limited number of students to ensure we give them optimal care and attention. So, do not leave your application for late as we would work on a first come first serve basis.

On the infrastructure side, we are excited to announce the completion of the girls' apartments incorporating some class rooms, computer lab, entertainment hall as well as the boarder mistresses' apartments.

The next phase of the infrastructure project would be the completion of the boys' apartment block which will also house some temporary classrooms, dining hall, students' hall and the boarder masters' apartments.
